

Professional **Engineering Consultancy** Company

"Your trusted partner for Engineering Consultancy and process optimization of Evaporators (MEE), Industrial Dryers & Zero liquid discharge systems"

Our Service

- Evaporation Systems
- Industrial Drying Systems
- ZLD Solutions
- Process Equipment Engineering
- Consulting & Technical Services
- Commissioning & Troubleshooting

Innovative Heat & Mass Transfer Solutions

Experts in Evaporators, Dryers & ZLD Systems
for Process Industries

Our Engineering Expertise

Evaporators

- Falling Film
- Forced Circulation
- Multi-Effect
- MVR Systems

Dryers

- Spray Dryers
- Rotary Dryers
- Fluidized Bed

ZLD Systems

- Evaporator + Crystallizer
- Brine Concentration
- Water Recovery

Our Strengths

- In-depth knowledge of heat & mass transfer
- Customized engineering solutions
- Transparent and customer focused approach
- Extensive hands-on experience of the field
- Technical documentation & drawings provided
- Competitive pricing

Industries We Serve

- Food & Dairy
- Chemical
- Textiles & Pharma
- Effluent Treatment (ETP/ZLD)
- Agro & By-products
- Specialty Chemicals
